2017 Annual Security Report

LEGAL REQUIREMENTS OF THE CAMPUS SECURITY ACT

The Campus Security Act requires colleges and universities to:

- publish an annual report every year by October 1 that contains three years of campus crime statistics and certain campus security policy statements;
- disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other university officials who have “significant responsibility for student and campus activities;”
- provide “timely warning” notices of those crimes that have occurred and pose an ongoing “threat to students and employees;” and
- disclose in a public crime log “any crime that occurred on campus or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department;” and
- publish an Annual Fire Safety Report; and
- disclose fire statistics for residential housing facilities; and
- report Hate Crimes (NOT REQUIRED NO RESIDENTIAL HOUSING)

The LSU Health Shreveport Police Department is responsible for preparing and distributing this report. We encourage members of the LSU Health Shreveport community to use this report as a guide for safe practices on and off campus. For a paper copy, contact the LSU Health Shreveport Police Department at 318-675-6162 or email kharr3@lsuhsc.edu.

Off-campus crimes may be reported to the Shreveport Police Department or Caddo Parish Sheriff's Office. Both of these law enforcement agencies can be reached by dialing 911.

SAFETY POLICIES

The university makes every effort to ensure that the campus facilities, buildings and grounds are designed and maintained in such a way as to promote safety and reduce criminal opportunity. Particular attention is paid to the design of landscaping and exterior lighting.

Use of University Facilities

With the exception of events that are open to the general public and advertised as such, the university's facilities and programs are generally reserved for accomplishing the objectives and programs of the university. Visitors and non-University affiliated groups seeking to utilize University facilities are expected to make prior arrangements with the appropriate University office. Authorization to use the LSU Health facilities is determined by University regulations then in effect.

Academic and Administrative Buildings

Academic and administrative buildings are secured by LSU Health Shreveport Police Officers. Hours of security may vary from building to building, depending on use. These buildings are equipped with fire safety equipment that includes smoke detectors and/or heat sensors that activate the central fire alarm system. Weekend after-hours use of academic and administrative buildings, and/or room reservations may be scheduled through the Office of Student Activities (Room Reservations 318-675-5272).

the Louisiana Alcoholic Beverage Control laws. The university does authorize alcoholic beverages on campus for sanctioned events complying with state law.

TIMELY WARNINGS

It is the goal of the LSU Health Shreveport Police Department and the university to keep the campus community informed of serious incidents. Working in conjunction with other university departments, the LSU Health Shreveport Police Department will issue a Safety Bulletin in a timely manner to the campus community about crimes in and around the campus. When the LSU Health Shreveport Police Department receives information that a violent crime against a person or a serious threat to property has occurred or is imminent, a notification will be sent out via text message and/or email via the Smart Notice Emergency Notification System. A Crime Alert will also be posted to the LSU Health Shreveport Police web site.

The Safety Bulletin and Crime Alert will contain the following information:

- Type of incident
- Time of the incident
- Location of the incident
- Description of the suspect(s)
- Summary of the incident

If a crime or serious incident is reported to a non-police campus administrator, that administrator should notify the LSU Health Shreveport Police Department of the incident. Working with the reporting administrator and other campus officials, the LSU Health Shreveport Police Department will decide whether or not to issue a Safety Bulletin and/or Crime Alert.

EMERGENCY RESPONSE

The LSU Health Shreveport community is encouraged to notify LSU Health Shreveport Police of any situation or incident on campus that may involve a significant emergency or dangerous situation that poses an immediate or ongoing threat to the health and safety of university members. LSU Health Shreveport police is charged with responding to reported incidents in order to determine whether the incident, in fact, presents a threat to the community and with requesting other resources necessary to investigate, mitigate, or document the situation.

When the LSU Health Shreveport Police Department receives notice of a possible emergency on the campus, it will determine if the situation poses an immediate threat to the health or safety of some or all members of the LSU Health community. Designated personnel will coordinate with administration to determine the content of the emergency message and will utilize some or all of the available communication tools in order to disseminate the message to the appropriate university members. LSU Health Shreveport will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

In all cases, university emergency responses shall place primary emphasis on the protection of human life, and all reasonable efforts shall be made to protect and preserve university property. Announcements about whether the university will reduce or suspend operations because of emergency conditions will be made by the President and Chancellor through University Relations for release to the media.

In order to better communicate emergency information to the campus community, LSU Health Shreveport has implemented the *Smart Notice Emergency Notification System*. This system will email, text, or call two phone numbers of choice.

MISSING STUDENT NOTIFICATION

Anyone who suspects that an LSU Health Shreveport student is missing should *immediately* contact the LSU Health Shreveport Police Department at 318-675-6165. LSU Health Shreveport Police will begin an investigation in order to determine whether the student is missing. Once LSU Health Shreveport Police investigates and determines that the student has been missing for more than 24 hours, the university will notify other local law enforcement agencies and the student's emergency contact within 24 hours after the student is determined to be missing. Contacts to local law enforcement agencies will be made whether or not the missing student has designated a contact person. The university will notify the designated contacts within 24 hours after the student is determined to be missing. If a student is under the age of 18 and is not emancipated, the university will notify the custodial parent within 24 hours after the student is determined to be missing. Any contact person that the student has designated will also be contacted within 24 hours after the student is determined to be missing. Any contact information provided by the student will be registered confidentially and will be accessible only to authorized university and law enforcement officials. Additionally, the contact information will not be disclosed outside of a missing person investigation.

SAFETY PROGRAMS

LSU Shield

LSU Health Shreveport Police launched the LSU Shield Mobile Safety App which can be downloaded for free for iOS and Android smartphones. If on LSU property, one push of a button in the open app and the user is routed to LSU Police directly to include the user's location and profile data and gives LSU Health Shreveport Police a GPS location of the device. Off-campus calls are routed to "9-1-1".

The user may also submit non-emergency reports to LSU Health Shreveport Police: Suspicious Person, Theft, Drug Use, Concerning Behavior, Vandalism and Other Inquiry. The user can select to remain anonymous and once submitted, a two-way chat with LSU Health Shreveport Police is accessible.

The Safety Beacon feature allows users to enter an activity description and select a duration which will then begin a countdown. Upon activation, the Emergency Contact(s) will receive a text message indicating that the user has started a Safety Beacon which includes a link to the user's device location which will remain active until the Safety Beacon feature is deactivated by the user manually entering their PIN.

Lighting

The university is committed to lighting improvements and enhancements. A group of designated individuals meet monthly to discuss and examine the campus to determine which areas require lighting repairs and which areas need additional illumination.

Title IX and Sexual Misconduct Policy (LSU System Permanent Memorandum No. 73)

In accordance with Title IX and other applicable law, LSU Health Shreveport is committed to providing a learning, working, and living environment that promotes integrity, civility, and mutual respect in an environment free of discrimination on the basis of sex and sexual misconduct which includes sex discrimination, sexual harassment, dating violence, domestic violence, sexual assault, stalking, and retaliation. LSU Health Shreveport prohibits sex discrimination and sexual misconduct. This policy applies to all persons without regard to sexual orientation, gender and/or gender expression. For more information about this policy, please refer Permanent Memorandum No. 73 ([PM-73](#)) in its entirety.

SAVE Program

LSU Health Shreveport is committed to providing confidential, nonjudgmental and appropriate support services for all sexual assault survivors, regardless of gender, ethnicity, sexual orientation, age, ability, or whether or not they report the crime to law enforcement. In addition, the university has a vested interest in obtaining an accurate account of the number of sexual assaults occurring on- or off-campus involving

student survivors. The **SAVE Program** (Sexual Assault Violence Education) is designed to accomplish both of these goals, as well as to meet federal mandates.

The LSU Health Shreveport SAVE Program is a mandatory student **Sexual Assault and Violence Education Program** that began in the fall of 2011. This mandatory educational program **was is** made possible through a grant funded by the Department of Justice Office of Violence Against Women Grant #2011-WA-AX-0013. All new, incoming students, both male and female, **will annually** attend the mandatory **SAVE Program** training during their first week of Campus Orientation. Under this program an educational and prevention curriculum was developed and implemented that specifically addresses domestic violence, dating violence, sexual assault and stalking against women enrolled at LSU Health Shreveport.

The goal of this program is to reduce the risk of violence against women on our campus. Specifically to reduce the risk of:

- Sexual assault
- Domestic violence
- Dating violence
- Stalking

The term survivor will be used to refer to someone who has directly experienced a sexual assault. We acknowledge that the person has survived the incident and is beginning the path toward recovery. The term student-at-risk will refer to a student who is in an abusive/violent dating relationship, who is experiencing further abuse after terminating the relationship, or who is being stalked. The SAVE Program is housed in the School of Allied Health on the 3rd floor Room 3-344.

Project Celebration

The SAVE Program has partnered with the Project Celebration. Advocates are specially trained personnel who can provide confidential guidance and support to LSU Health Shreveport students or others who have directly experienced interpersonal violence (sexual assault, domestic violence, relationship violence, and stalking) or who want to help a friend in need.

Regardless of how long ago the traumatic event or violent incident occurred, Project Celebration Advocate are available to discuss the situation. The period after a traumatic event can be confusing. Project Celebration Advocates ensure that no survivor or student-at-risk has to navigate the medical, legal, mental health, or University system alone. Project Celebration Advocates will provide survivors and students-at-risk with options for recovery, including assistance with:

- Filing a police report
- Filing a University judicial report
- Obtaining medical care
- Obtaining emotional support
- Arranging safe housing
- Securing academic accommodations, as well as referrals to appropriate services and resources.

Sex Offender Statement

The Campus Sex Crimes Prevention Act of 2000 (CSCPA), signed into Law October 28, 2000, amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act. CSCPA provides special requirements relating to registration and community notification for sex offenders who are enrolled in or work at institutions of higher education. In addition to Wetterling, the Act also amended the Clery Act and the Family Educational Rights and Privacy Act of 1974.

As provided in the Wetterling Act, any person required to register under a state sex offender registration program must notify the state as to whether the person is a student or works at an institution of higher education, identify each institution of higher education in that State at which the person is employed,

carries on a vocation, or is a student and must also alert the state of any change in enrollment or employment status.

The Louisiana State Police maintain the Louisiana Sex Offender and Child Predator Registry (SOCPR) for the State of Louisiana and are responsible for the enforcement of the applicable sections of law cited above. Information about any individual affiliated with Louisiana State University in regards to this matter may be found at the public SOCPR website: <http://www.lsp.org/socpr/default.html>

SAFETY TIPS

Safety is a shared responsibility. As members of the campus community, everyone should help to make the campus a safer place. Using some simple safety precautions will greatly reduce your chance of becoming a victim of crime. One simple piece of information you should always have is your location. If there is an emergency, responders will ask for your location, address, etc., so have this information readily available.

PROTECTING YOURSELF ON AND OFF CAMPUS

Lock your door, even when you intend to return home shortly or even if you are just going down the hall. It takes a thief ten seconds or less to enter an open room and steal your property.

Take extra time to ensure that your windows and doors are locked, especially when you are alone or at night.

Do not leave valuables lying out in plain sight. Record the serial number of your valuables or engrave a unique identification number on the item.

Store emergency numbers in your mobile phone and place them next to your home phone.

Do not leave messages on your door indicating that you are away and when you will return.

Do not let strangers enter dormitory or premises.

Do not prop open outer doors.

If someone asks to use your phone for an emergency call, offer to telephone for them instead of allowing them access.

Do not put your address on your key ring.

Know your neighbors.

Do not leave keys in hiding places. Thieves will find them. Carry your keys or make sure that anyone who truly needs them has their own copy.

To report suspicious persons or activity on campus, call LSU Health Shreveport Police Department at **318-675-6165** or activate the LSU SHIELD Mobile Safety App. If off campus, call **911**.

Open a savings or checking account instead of keeping money in your room.

Keep automatic teller machine cards in a safe place, keep your PIN secret. When possible, only use ATM's during the day.

Instead of carrying large sums of cash use a charge card. Some charge cards insure property purchased with those cards against loss, theft or damage.

If you find yourself in immediate danger, call **911**; try to stay calm and get away at first opportunity.

PROTECT YOURSELF WHEN WALKING

Avoid walking alone at night unless absolutely necessary.

Stay on well lit, commonly traveled routes.

Avoid shortcuts and dark, isolated areas.

Walk purposefully, know where you are going, project a confident image.

Avoid potentially dangerous situations.

If you feel threatened, cross the street, locate an emergency phone, or enter a store or place of business even if you have just left it.

Have your keys ready in hand when approaching your vehicle or door; not buried in a purse or in your pocket

PROTECT YOUR AUTO or BICYCLE

Always lock your car. Never leave the windows down while it is unattended.

Do not leave tempting valuables or property visible inside the car. Lock these items in the trunk.

Lock bikes to bike racks with hardened-alloy locks and chains or u-shaped locks to prevent thefts.

PROTECTING YOURSELF WHEN DRIVING

Look into your car before getting in. Lock doors and roll up windows once inside for protection.

Never pick up strangers.

Drive to a police or fire station or open place of business if you feel you are being followed.

Do not stop to help occupants of stopped or disabled vehicles. Continue driving to the nearest phone and call assistance for them.
